

Bridge City Paddling Club

Bridge City Paddling Club is a dragon boat and outrigger canoe paddling club in downtown Portland with over 100 members. We are a competitive club and have programs for men, women, youth, and veterans. We also believe in giving back to our community and founded the Dawn to Dusk Paddle which benefits the Children's Cancer Association. We are organized as a non-profit 501 (c) (3) Oregon corporation and were formed in 2010. We practice year round.

We are always looking to add new members and welcome you to come out and join us for a practice.
